The industry standard for workgroup printing.

HP's instant-on fuser and 100-MHz RISC processor produce fast output without waiting.

Two PCI-based EIO connectivity slots deliver high-speed, flexible networking.

Larger standard capacity (600-sheets) and a straight-through paper path for wrinkle-free output on more sizes and heavier stocks than before.

HP FastRes 1200 prints photolike graphics at full printer speed with standard memory; HP ProRes 1200 provides true 1200-dpi quality with minimal impact on network traffic and file size.

New Internet Installer and driver update utility make these printers the easiest to install, manage, and use.
